REUTERS/Carlos Garcia Rawlins Juan Guaido - the leader of Venezuela's National Assembly - has been a key voice in international calls for President Nicolas Maduro to step down and a self-declared interim president, despite the ruling Socialist Party's support for him. Guaido has asked international bodies to investigate why the United States and more than 50 other nations have recognized him as Venezuela's rightful interim ruler, arguing Maduro's re-election last year was illegitimate. But Maduro's government accuses Guaido of trying to stage a coup and it has responded with a crackdown on the opposition and harsh measures against dissent. The case involving Luis Salazar highlights that divisions have erupted over how to respond to Maduro.
