“AI War 2 continues the game’s legacy as one of the best strategy games of all time.... One of the most intriguing aspects of the game is the special rules that allow you to be completely blind to the movements of your opponent. This might not sound like a wise business decision, but instead of fighting the war strictly on their terms, you essentially turn the AI’s tactical capabilities against itself. This also adds another layer of strategy on top of the basic game.” About Invisible Fists: “A real treat for fans of the genre. It gets the fundamentals right while ditching the weak parts and takes the player right up to the hard level.” 4.5/5 – Game Revolution  
About Total Annihilation: “AI War 2 isn’t a one-off game with a single-player campaign. Instead, the game’s single-player mode is a one-off campaign that will still take players decades to beat.” 7.5/10 – GameSpy  
About Paradigm Lost: “The new tech tree provides players with a myriad of new machines to build and manufacture, while the systems in place make it incredibly easy to adapt from one tech to the next. Meanwhile, the game’s AI intelligences have been upgraded to make them even more effective, and the game’s many subtle decisions make the game more replayable. ... It’s the most balanced, beautiful and diverse strategy game I’ve played in years.” “Perfection? I’m not sure I’ll ever reach that conclusion. But I can say this: the combination of the game’s systems, challenge and replayability make it the best strategy game I’ve played in

years.” About Arcen Games: Arcen Games is a game development studio based out of Minnesota, focused on creating games that combine single player strategy and problem solving with team based cooperation. In the past, Arcen has developed strategy games such as the Civilization and Endless Space franchises as well as the acclaimed real-time strategy title, Offworld Trading Company. This is a mini game that takes place in the old times. There is no linear story. It is the goal of the game to make sure that the player is thoroughly satisfied. Early Access Status The project is still in Early Access stage. Feel free to give your feedback. Links: Artwork Try out the demo. Like us on Facebook A: Well, you're pretty much into the right path when it comes to pixel art. I'd like to show you a couple of some great examples of what pixel art looks like: These are from the indie game Teleglitch, by Miloš Forman. In his first post he talks about his past work, one of the projects (which was already successful) is a classic 8-bit version of the game, that started as this: These are the pixel art skills that are required for this project [and] now he has posted a new project This is what you need to learn, in order to get to a good pixel art. First of all you need to learn to draw, and then you need to learn how to use the computer to create art. But even if you don't like pixel art, it's something you can learn. The fact that you work on pixel art don't make you any less of an artist. In fact, it puts you at a good spot to learn more about art and digital art. Pixel art is a great thing for entertainment. This is what I always tell those who don't like pixel art, and try to convince them otherwise: instead of painting with a brush, and use pencils to create their art, why don't use the computer? Instead of using something like photoshop, you can just draw with some free tools. So this goes to show that the tools matter (in a way) but the final art can be created using pencils. The tools are just guides, and of course the art itself is what matters. If you want to get to a good art form,

---

it's important to learn how to draw, and be creative, but pixel art is just a step towards a more advanced form of art. For example, some artists love creating animations. Or you can get to do 3D art. c9d1549cdd

Pathfinder Campaign Setting: Distant Realms Planar Urban Sprawl Before the first inklings of civilization rose up upon the mortal world, magnificent cities already existed within the vast corners of the multiverse. Pathfinder Campaign Setting: Distant Realms offers a look into six of these extraplanar cities that are ripe for exploration by planar travelers. Each entry includes a full-page map and a stat block for the city, a history of the city and its current major players, and a gazetteer of the city's most interesting locales. Within these pages, you'll find details about the following cities, and more: The darkly perfect city of Dis, home of the First King Dispater and his fiendish court. The isle of Yulgamot, a haven of flowing time within the ageless seas of the Astral Plane. The trade hub of Shadow Absalom, lit by the mysterious Glare and ringed by an ocean of dust. The philosophical haven of

## **What's new:**

**" The first time I told my husband, "I love you," he answered, "So do I...." Really? I've learned a lot in the last 24 hours, most of it in the last hour. So, with the advice of friends, in the name of Valentines day, I decided to use my Viagra to pay attention to this: Seasons Lil' Bo Peep's gots the young stallion. So? Be jealous 'cause ain't nothin' like tha. I gives you my heart, I gives you my nest, I keep you here in the highest stead. No home so sweet. As that I been in, yo. When he drunks he makes me laugh, him and his sheepish smile. He got the honey-glazed ham, on the side. The Wind wasn't helping, and the sky was dark, This is a tale of love - for Lil' Bo Peep and me. And every time I look at him, I know, that he's just my kind of guy. I can't blame a sheep for lack of confidence, And he's been tryin' to tell me from the start, "Don't get romance, cause this isn't real love." I turns his head, I head to him, I turns his mood, Now, he gots a king-sized match, and he needs another ball. When he drinks he makes me laugh, him and his sheepish smile. He got the honey-glazed ham, on the side. The Wind wasn't helping, and the sky was dark, This is a tale of love - for Lil' Bo Peep and me. He wants to feel action, 'cause he thinks I'm smart. Why don't'cha, show me just how it is? Gonna give you my heart, I give you my nest, And I keep you here in the highest stead, no home so sweet as that. 27 comments: Oh - and that's the problem with me - I have 16 that think it's below freezing (it's not.) But yes I'm a country girl at heart...if I can't see the horse, I'll eat him; if I can't see the horse, I'll eat him... ... I read a blog from one of my**
