Are you a fan of the strategy game? Do you love board games? If yes, then this game is for you! The most successful strategy game in the world - Chess, has been transferred to a new genre, and now the monster Chess has arrived! Evil Chess is a game that uses Chess rules, but with the most brutal and unusual moves available on a Chess board. In this game, it's not only about a chess game, but a game of honor and intrigue, a struggle for survival on the face of the planet. War! War!! War!!! Remember the day when we were young and we used to have fantasies of being a real war general? That was in the times when we were kids, when we used to play with toy soldiers and planes, but now we live in the 21st century, but not so far from the times of the First World War. Today, you can play as a real war hero, and even as a combat pilot that you must handle and command. There are many new challenges for you in this game: you will need to organize the units for the attack on the enemy army, manage repairs for your plane, and much more. It's time to begin the epic war to save the planet!Key Features: - In this game, you will get 3 different branches of building and training, each with its own advantages and disadvantages - Upgrade your training center to increase the number of soldiers you can train for your army - Seven different ships that you can train and use in battle!
